MILLSTREAM MOBILIZES ANOTHER DRILL TO POTTER

Toronto, Ontario, Millstream Mines Ltd. (MLM-TSX-V; NJD- Frankfurt) is pleased to announce that it is moving another diamond drill rig onto the Potter Property. Benoit Diamond Drilling Ltd. of Val-d'Or, Quebec has been hired to complete further drilling in Millstream's 2006-07 exploration program on its Cu-Zn-Co VMS type deposit.

At present, drilling and investigative work is continuing on the property to ascertain the horizontal and vertical extent of the stacked mineralized zones north, south, above, and below the past mine workings.

The Potter Property is located in the highly prolific Abitibi Greenstone Belt in the Kidd-Munro Assemblage near the town of Matheson in north eastern Ontario, Canada.

Management has reviewed this report and press release with the company's consultant Edward Bettiol, P. Eng, and David Gamble, P. Geo, both being designated qualified persons for the property per NI 43-101.

The principle objective of Millstream Mines Ltd. is to enhance and develop known mineral properties to production potential.
