### MILLSTREAM COMPLETES FLOW THROUGH PRIVATE PLACEMENT

Toronto, Ontario -- Millstream Mines Ltd. (MLM - TSX-V) has completed a non-brokered flow through private placement of 1,442,333 units for gross proceeds of \$216,350. Each unit is comprised of (1) one flow-through voting share and a one half (1/2) common voting share purchase warrant. Each full purchase warrant will entitle the holder to purchase one (1) additional common voting share for a period of two (2) years at a price of \$0.25. The above share issuance and attached warrants are subject to a four (4) month hold period.

The intended use of these proceeds is for exploration on Millstream's Potter Mine Property. The Potter Mine Property is host to a copper-zinc-cobalt VMS deposit located in the highly prolific Abitibi Greenstone Belt at the confluence of the Destor-Porcupine and Pipestone Faults near the town of Matheson in Northern Ontario, Canada.

The above private placement is subject to TSX Venture Exchange approval.

The principle objective of Millstream Mines Ltd. is to enhance and develop known mineral properties to production potential.
