MILLSTREAM REACQUIRES 100% UNDIVIDED INTEREST IN AIRPORT EAST PROPERTY

Toronto, Ontario – Millstream Mines Ltd. (MLM – TSX-V) wishes to announce that in December, 2005, Crowflight Minerals Inc. (CML-TSX-V) elected to withdraw from further participation and relinquished all and any interest in the "Airport East" property, previously referred to as the "Terry Loney Claims" (See MLM PR Aug. 5, 2004). Millstream now retains a 100% undivided interest in the 18 staked mining claims, consisting of 127 mining claim units in the Falconbridge and Street Townships, Sudbury Mining District, Northern Ontario, Canada. These 127 mining claim units abut the east boundary of the Airport Property (47 mining claim units presently held within a Joint Venture with Crowflight.), located in Falconbridge Township.

Geological mapping indicates that favourable horizons and structures continue eastward from the Airport Property into the "Airport East" claims.

Millstream would also like to announce to the interested public of its newly revamped and updated website located @ www.millstreammines.com. Hollywood Canada Communications was responsible for the website renovations.

The principle objective of Millstream Mines Ltd. is to enhance and develop known mineral properties to production potential.

WARNING: The company relies upon litigation protection for "forward-looking" statements.
